Report – Report can be typed or hand written for up to two pages.

Day-1   Management and Leadership   9/06/2020

Leadership and Learning are indispensable to each other

The person who leade our commarell or group organization or country

Everyday leader
→ Listen : Listen to understand, not to respond
→ Share : you have a 'voice' so share it without
reservation
→ Fail : celebrate all that you learn from
failing and re-tooling

→ Be humble : pursue humility, no arrogance or
entitlement

Types of leader
- Autocratic
- Charismatic
- Transactional → Insping for changes.
- Laissez faire → The "Lead Back leader"
- Supportive →
- Democratic → Also known as participative leader.
→ Charismatic leader → Natural at influencing and
inspiring

Context : to wear together
Con[Latin]. together.
Texere -[Latin] to weave
A modern leader is not defined by their career

I believe that being Successful means having a balance
of success stories across the many areas of your life

The greatness of community is most accurately
measured by the compassionate actions of its members
Career and family community
A career path is rarely a path at all. A more
interesting life usual a more crooked.

Report – Report can be typed or hand written for up to two pages.

Day-1   MySQL   9/06/2020

→ Introduction to php Scripting with MySQL,

This course is practical, pragmatic and non theoretic
Gets straight into Building a software project
Teaches constructs only, as you Need them in
                  the project

① I installed an Xamp 'technology Stack' on
my pc to Enable to user php and MySQL

② Install the Bluefish Cross Platform code Edition.

③ Set up a development and testing Environment

④ See where to find out more about the history
and background of php and MySQL Since this
                  Course.

Aims

① To use a development process to illustrate
Some of the more useful features of php and
Some of key Elements of MySQL.

② To allow the learner to Do most of the
things yourself with guidance from the videos

③ To facilitate this Doing by providing code
Snipping to Save a great day of laborious
typing

④ To provide code snippets that you may
be use in your own Software development
